CURRENT ART EXHIBITION

HAJDI

Exhibition Highlight

Royal Blue is thrilled to announce that the incredible Montenegrin artist HAJDI will be showcasing some of her stunning artwork throughout the hotel. Hajdi is a Montenegrin painter and graphic designer who won the Red Bull Doodle Art 2023 national award and spoke at TEDx Podgorica in 2023. Her artworks are in private collections of Keanu Reeves, Will.i.am (Black Eyed Peas), John Malkovich, the Morcheeba Band, Guano Apes, Francesco Tristano, and Hugo Kant, spanning the USA, England, South Korea, Japan, and beyond.

NELLE BOECKX “The Eye”

The permanent exhibition can be found throughout the hotel lobby and restaurant.

Exhibition highlight

At the heart of my collection lies a powerful symbol: the Eye. It serves as a reminder that in matters of love, life, and self-discovery, we must keep our gaze unwavering and open.

The eye becomes a vessel for introspection, a conduit for understanding the intricacies of relationships, and a lens through which we navigate the complexities of our existence.

Join us for this extraordinary cultural experience and witness the transformative power of contemporary art at Royal Blue Resort.
